**Subject: Listing of HAS-RCNS as validated supplier**

Dear Dr. Varga,

Based on the information available on your laboratory, we have the pleasure to inform you that your institute has been validated as supplier for the following measurement groups:

**Homogeneity and stability studies**

Determination of particle size and particle size distribution by means of small-angle X-ray scattering.

**Characterisation studies**

Determination of particle size and particle size distribution by means of small-angle X-ray scattering.

Please do not hesitate to contact us for any further information.

Best regards,

Dr. Robert Koeber  
Quality Manager
